MEMORANDUM FROM THE OFFICE OF THE PRESIDENT

No. 01 - 029 - 2024

TO : **Campus Directors, R & D Director, R & D Heads and concerned Faculty across NEMSU Campuses**

SUBJECT : Submission of Food Product Development Samples to DOST-Caraga Regional Office on January 29, 2024

DATE : January 22, 2024

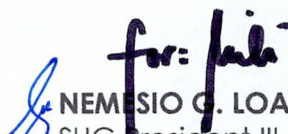

In preparation for the upcoming Technology Caravan organized by the Caraga Regional Development (RDC) on January 31, 2024, at Almont Inland, Butuan City, NEMSU is actively participating in the region's ongoing efforts to promote transformative technologies. This initiative particularly emphasizes the industrialization and innovation within the fishery, agro-forestry, mining, and ecotourism (i2FAME) industries.

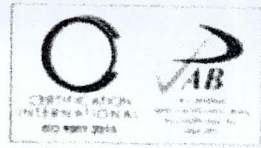

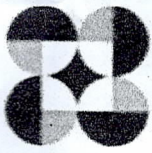

As part of the commitment to contribute to this regional campaign, the trained faculty from NEMSU campuses are hereby instructed to submit five (5) food product development samples with product briefer to the DOST-Caraga Regional Office in Ampayon, Butuan City, on January 29, 2024. The designated faculty members responsible for each product development output are as follows:

1. Nutri Bar for Bislig Campus - Ma'am Edralyn Hofeliña;
2. Nipa Pasta for Cantilan Campus - Dr. Ed Buniel-Plaza;
3. Banana Loaf for San Miguel Campus - Ma'am Daisy Salas;
4. Danggit Ice Cream for Lianga Campus - Mr. Harvey Kier Ranara;
5. Coffee Jam for Tagbina Campus - Dr. Sulpicio Garces, Jr.; and
6. Guso Chips for Tandag Campus - Dr. Lorna Lopio.

All expenses related on the preparation of the food product development samples and their transportation to DOST-Caraga Regional Office in Ampayon, Butuan City, shall be charged against the Campus fund, adhering to the standard accounting and auditing protocols.

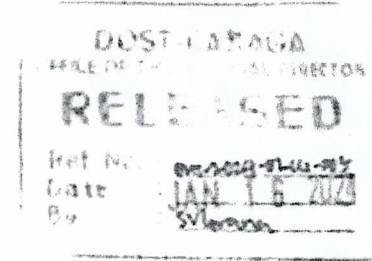

Thank you for the prompt attention and compliance.

NEMESIO G. LOAYON, PhD
SUC President III

January 16, 2024

DR. NEMESIO G. LOAYON
 President
 NEMSU
 Tandag City

Dear Dr. Loayon:

Greetings!

We are pleased to inform you that the Caraga Regional Development Council (RDC) will be conducting technology caravan on January 31, 2024 at Almont Inland, Butuan City. This event is part of our ongoing campaign to promote technologies that contribute to the economic transformation of the region, specifically focusing on the industrialization and innovation of the fishery, agro-forestry, mining, and ecotourism (i2FAME) industries.

The technology caravan aligns with the broader development objectives outlined in the Caraga Regional Development and Investment Program (RDIP) 2023-2028, which envisions a sustainably developed, culturally responsive, and globally competitive region. To achieve this vision, the RDC aims to showcase various technologies developed by State Universities and Colleges (SUCs) and DOST Regional Development Institutes (RDIs) during the event. Priority will be given to innovations that have the potential to modernize and innovate critical sectors, such as fisheries, agro-forestry, mining, and eco-tourism.

In light of this, we kindly request the Food Innovation Center (NEMSU FIC) to submit three product development outputs that can be showcased during the technology caravan. Additionally, we plan to conduct sensory analysis and evaluate the overall acceptability of these products during the event. We would appreciate it if you could provide the samples by January 29, 2024, to our office at DOST Regional Office.

Your participation in this initiative will contribute significantly to the success of the technology caravan and further the goals of economic development, poverty reduction, and enhancement of livelihoods in our local communities. We look forward to your positive response and collaboration in making this event a meaningful and impactful one for the Caraga region.

Our staff, Engr. Emman Lliam L. Prisco, will be coordinating with your office regarding this matter or you may contact him through mobile phone number 0917-1888-530. We are hoping for your support to this endeavor.

Thank you and keep safe.

Very truly yours,

ENGR. NOEL M. AJOC
 Regional Director
