Each participant has been selected based on their expertise and their potential contributions to the discussions and presentations at RSTW. Their involvement will not only enhance their professional growth but also represent our Institution commitment to advancing in the field of science and technology.

Expenses incurred in this activity to cover transportation, food and accommodation shall be charged against campus funds subject to usual accounting rules regulations.

Attached are the DOST-Caraga communication and program of activities.

Please ensure our active participation in this activity.

NEMESIO G. LOAYON, PhD. BY THE AUTHORITY OF THE UNIV. PRESIDENT
 SUC President III

ABUNDIO C. MIRALLES, Ed. D.
 VP for Admin and Finance

JUN 03 2024

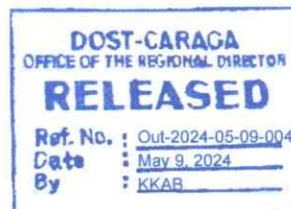

Cc: Vice President for Academic Affairs, Vice President for Admin and Finance, Records Office

Please comply CMO on OFF campus activity.

May 6, 2024

DR. NEMESIO G. LOAYON
President
North Eastern Mindanao State University
Tandag City

Dear **Dr. Loayon**:

Greetings!

The Department of Science and Technology-Caraga is delighted to announce the celebration of the 2024 Regional Science, Technology, and Innovation Week (RSTW) on June 6-9, 2024, at Robinsons Place, Butuan City, under the theme “*Siyensya, Teknolohiya at Inobasyon: Kabalikat sa Maunlad at Matatag na Kinabukasan*,” in alignment with the National Science, Technology, and Innovation Week (NSTW).

In line with the national theme and the region’s subtheme, “*Innovate for Impact: Transforming Caraga’s Fishery, Agroforestry, Mining, and Ecotourism (FAME) Economy through Science, Technology and Innovation*,” DOST-Caraga aims to reinforce its efforts in achieving the Industrialize and Innovate Fishery, Agroforestry, Mining and Ecotourism (i2FAME) strategy of the Regional Development Council (RDC) by advocating R&D outputs needed to enhance the value of our raw products. Moreover, we seek to underscore the significance of FAME in the ongoing regional development and highlight the invaluable contributions of science, technology and innovation to these sectors.

In relation to this, as our active partner in driving forward our STI initiatives and in contributing to the advancement of the region through R&D, we are inviting you and your personnel to join the various activities and celebrate the 2024 RSTW with us.

We have enclosed the specific details of these activities, as well as the contact persons, for your reference and guidance.

We eagerly anticipate your participation.

Thank you very much.

Very truly yours,

ENGR. NOEL M. AJOC
Regional Director
