Greetings of peace and solidarity.

In connection with Memorandum No. 08-015, s. 2024 from the Office of the SUC President, the University, in coordination with the Provincial Blood Coordinating Council, is once again directing each campus to conduct scheduled blood donation activities to support patients in need of transfusions. This initiative aligns with the National Voluntary Blood Services Program under RA No. 7719, reinforcing our commitment to the health and welfare of our communities.

Last year's initiative underscored our dedication to this cause, and we continue to provide essential support through the updated schedule below:

Date	Campus	To be conducted by
November 9, 2024	Cantilan	ASTMMC Blood Bank
November 12, 2024	Marihatag Offsite Classes	ASTMMC Blood Bank
December 7, 2024	Tandag	ASTMMC Blood Bank

In support of this activity, snacks will be provided by the agency conducting the bloodletting for the blood donors. NEMSU campuses will coordinate with the Provincial Blood Coordinating Council to facilitate this activity, serving in a supporting role. Additionally, each campus is expected to prepare lunch for the 20 personnel from the designated collecting units, along with campus staff involved in the activity. These expenses shall be charged to the respective campus funds, in accordance with existing auditing and accounting rules and regulations.
