MEMORANDUM FROM THE OFFICE OF THE PRESIDENT

No. 0053, s. 2025

TO: **Evelyn T. Bagood, EdD** - **Campus Director, Tandag**
All Non-Teaching Personnel of NEMSU Tandag Campus

DATE: **January 30, 2025**

SUBJECT: **HIV-AIDS 101 AND TESTING**

Greetings of peace and solidarity.

In line with the observance of the National Bible Week and the university's commitment to promoting holistic well-being and values formation, an HIV-AIDS 101 Seminar and Testing will be conducted for all the non-teaching personnel of NEMSU Tandag Campus.

As an initiative of the Office of the President, in partnership with the Adela Serra Ty Memorial Medical Center and the Office of the Campus Director of Tandag, this activity is scheduled on January 31, 2025 (Friday), at 1:00 PM, and will be held at the Ground Floor of the Administration Building, NEMSU Tandag Campus.

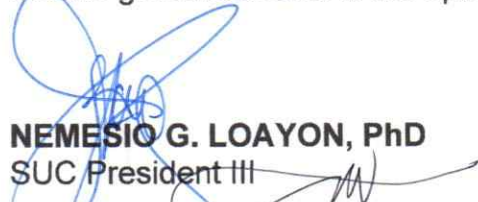

The short seminar, to be conducted by ASTMMC, aims to provide critical education on HIV awareness and preventive measures while fostering a healthier workforce. Testing services will also be made available during the activity. Additionally, other vaccines will be offered for those who have not availed yet.

This initiative aligns with the 8-Point Agenda of the NEMSU administration, specifically focusing on Accessible and Client-Focused Student Services and Market-Oriented Extension and Inclusive Public Service, as it underscores the importance of health advocacy and holistic wellness within the university community.

All non-teaching personnel of Tandag Campus are required to attend and actively participate in this initiative as part of our advocacy for health awareness and community well-being.

For your guidance and compliance.

For the grassroots and in the spirit of vibrant leadership,

NEMESIO G. LOAYON, PhD
SUC President III
