ALL CAMPUS DESIGNEES OF CANTILAN

Greetings of peace and solidarity.

Following the Board of Regents' approval of the new and renewed designations of all university campuses (BOR Resolution No. 146, s. 2025), all campuses are expected to prepare the designations of the campus designees to be countersigned by the Campus Directors for President's approval.

As we aim to elevate our status into an SUC Level IV, the president will conduct a direction-setting session among all campus designees on February 25, 2025, at 2:00 p.m. for Cantilan Campus. This is the third direction-setting session conducted by the Office of the President following Tandag and Cagwait.

This is also when the President will personally issue the Officer Orders of the campus designees.

The Planning Officer III is directed to present the 2025 targets for Cantilan Campus and the areas in the SUC Levelling instrument necessary for information and awareness.

The Information Officer III will serve as the documenter of the activity.
